Anyone found to be engaging in any type of unlawful discrimination or harassment will be subject to disciplinary action, up to and including termination of employment.

Step 4b: Narrative Underutilization Analysis

In reviewing the Utilization Analysis Chart, The Groveland Police Department makes the following observations.

Given the small number of job categories (10) Protective Service Sworn Officials and (13) Protective Service Sworn Patrol Officers it is difficult to interpret the level of underutilization in each job category as significant in relation to the relevant community labor market.

In keeping with the commitment to have a workforce that reflects the community it services, we will see if there is any way to attract more Hispanic, Asian, African American and female applicants.

It should also be noted that Groveland Police Department has had a high turn over rate of Patrol Officers in recent years. Several of the officers who have left employment have been of minority groups including Hispanic, American Indian, African American, and females.

Step 5 & 6: Objectives and Steps

1. Groveland Police Department will continue to post job announcements in the local newspapers and recruit from the area law enforcement training schools. we will continue to try to attract more minority groups to submit applications for employment.

a. When positions become open, we will review the applications submitted and interview minority applicants concerning how they learned of the position and how the police department might be able to recruit more qualified minority applicants.

Step 7a: Internal Dissemination

1. Distribute a copy of the EEOP to all employees in a supervisory position.
